About MSHA Safety Services Inc

MISSION

To **educate and empower** miners to **take ownership** of hazard **recognition** and mitigation, **fostering a strong culture of safety**—one person, one team, one company at a time.”

- We are a Part 46/48 Safety Training company providing virtual and in-person training. We work with over 2000 companies in the United States and Internationally to provide quality, timely training.
- We are also an Industrial Hygiene and Safety Support firm specializing in mining hazards. Our employees are miners, and mining is what we do.
- We work with a variety of operations to come in a perform 3rd party audits and risk reduction programs for companies across the US.
